

Some Suggestions

We want to make sure you look great! It starts with what you decide to wear. We've put together some great tips for you! Just remember, these are only guidelines to begin deciding what to wear. You are not limited to the amount of clothing you bring to your session, but the more organized you are and the faster you change, the more photographs we can take, so make sure you get more than enough if you aren't sure of your final decisions, and we will help you make your final choices.

Clothing Suggestions:

- * Wear a variety of clothes for different looks
- * Solid colors and long sleeves photograph best. Busy patterns or big logos can be distracting.
- * Wear matching shoes and accessories
- * Consider bringing letter jackets, sports equipment, or a musical instrument to express your interests
- * Pants should be darker than your top. Jeans, dark khakis, and black pants photograph well.
- * Yellow is not a great color to be photographed in. It competes with your skin tones.
- * Don't forget your class ring!

Ladies:

- * Make-up should look natural and not overdone. Tan evenly and avoid the sun at least two days before your portrait.
- * Clothes should be ironed and ready to go. Bring a mix of casual and dressy attires for a nice variety.
- * Your hands will be shown in many pictures, so ensure your nails are clean and manicured. Natural-colored nails or French manicures look best, as your nails will go with everything.
- * Don't forget your toes. We may do barefoot shots, too.

Hair

- * Make sure your hairstyle is something you are happy with.
- * Avoid getting a haircut close to your appointment to ensure it is precisely how you want it.
- * Any hair changes during or in between the sessions should be quick and straightforward, so you have as much camera time as possible.

Gentlemen:

- * Please come to your session clean-shaven with hair neatly combed
- * If you have long hair, make sure it will stay out of your eyes during the session
- * Do not wear a cap to your session. You can certainly wear a cap for part of it but don't wear it on your way.
- * Avoid stripes, plaid, oversized logos, or anything that can become a distraction from you
- * Bring colors and styles, some dressy and some casual
- * Put your clothes on a hanger. We want you to look cool, and wrinkled clothes are not cool.
